

## MEDICATION AIDE SKILLS REVIEW AND COMPETENCY ASSESSMENTS

Do you plan on seeking a Medication Aide job and feel you need to brush up on important steps? The Skills Review Sessions will provide you with a hands-on opportunity to review and practice medication aide skills prior to the completing the Medication Aide Competency Assessment.

Each session is 3 ½ hours in length and held in the Clarkson College classroom/lab. Sessions provide an intensive review with an instructor to help guide you. This is a review session; not all medication aide course material is covered, nor is any guarantee given that participation will ensure passing the competency assessment.
